

CONFUSED BY TUITION?

We can help make it easy for you!

We're now offering another tuition payment plan to make it easier (and less painful) to squeeze that tuition payment into your budget! Using our Tuition Projection Calculator, we can estimate a fixed monthly payment that remains the same year-round and year-to-year (including summers).

HOW IT WORKS: Through our Long Term Tuition Payment Plan, we will calculate the total tuition amount for all your students (from preschool to senior year) divide it by the number of years each student will attend, then divide it by 12 to get a monthly payment.

We will also include any expected discounts (such as the fourth-student discount, scholarships and grants) and re-calculate every 3-5 years to ensure that you are not over- or under-paying. The goal is for you to have the same payment every month until your youngest student graduates, and for all tuition to be paid in full by his or her graduation day!

HOW TO GET STARTED: contact our Finance Director, Amanda Krautkramer at 715-387-1177 ext. 3306 or krautkramer.amanda@columbusdons.org

FOR EXAMPLE:

FOR A STUDENT ENROLLING IN PRESCHOOL
IN 2023 AND GRADUATING IN 2038:

YEARLY AVERAGE

\$4,089

MONTHLY PAYMENT

\$341

AND... you can save money
from our traditional 10 month
payment plan!

Traditional 10 mo. Payment Plan	Long Term Tuition Payment Plan
≈\$500/mo	\$341/mo
