

Parent Association Meeting
May 8, 2019

No agenda had been created, so we began, as always with a prayer.

Treasurer's Report by Michelle Maurer.

Michelle reported approximately \$2300 in the account, but only approximately \$200 left in the field trip portion of the account (My apologies, I did not write down the exact amounts). Money had been used from the general account to purchase blankets for the graduating seniors. A good portion of this money had been raised during the coffee/hot chocolate addition at the Christmas Concert and the Snowman Painting project sponsored by the PA. It was again stated that the PA would not have the money to fund field trips for the 2019-20 school year; something that was discussed and voted on at a previous PA meeting.

Blankets and a card will be handed out to the seniors at Senior Awards after Baccalaureate.

As previously scheduled the nomination and election of PA officers took place.
