

## **Peter and Judy Beining Scholarship**

The Peter and Judy Beining scholarship was established by Tony and Becky Smith as a way to recognize the sacrifice Becky's parents had to make to send her younger brother Jim and herself to Columbus High School.

Their hard work and dedication extended beyond their farm that had been in the family for over 100 years.

Organizations such as the Rozellville Rockets 4-H club, St. Andrew's Alter Society, the Rozellville Lions Club, and volunteering to work during elections are just some of the activities my parents have been involved in over the years. They are currently active members of St. John's church and enjoy seeing the activity of the kids during the day around the school.

Peter and Judy have always lived their lives helping others and being active in their community. This scholarship represents both of those values.

This family also wants to recognize the parents of this year's recipient for their commitment to continue their child's Catholic based education in high school. You are setting your child on a path that the family believes will benefit them greatly in the future.
