## A DECEMBER OF GRATITUDE & GROWTH

Discovery Education Station Inc., a Wisconsin-based, veteran- and woman-founded nonprofit (501(c)(3)), enters this December with deep gratitude and renewed purpose. This season reminds us of the power of community, inclusion, and learning—and how meaningful it is to create a place where every child feels seen, supported, and inspired.

We continue to foster an inclusive haven where kids of all ages explore STEA<sup>2</sup>M disciplines, ignite curiosity, and discover the joy of hands-on learning. Through enriching classes, dynamic camps, creative workshops, and engaging clubs, we spark growth, confidence, and imagination.

This year, we are especially thankful for the families who trust us—especially those with children with special needs. We remain committed to nurturing well-being, daily living skills, emotional development, and strong family connections in a safe and supportive environment. Together, we celebrate how far we've come and look ahead to a brighter future—empowering minds, building connections, and growing with our community every step of the way.
