

## **2025 Tuition Tax Deduction**

When filing Wisconsin state taxes for 2025, taxpayers may deduct private and religious school tuition expenses paid for dependent children—up to \$4,000 per child in grades K–8 and up to \$10,000 per child in grades 9–12—for expenses paid between January 1 and December 31, 2025. Step-by-step instructions for accessing your 2025 tuition payment statement through FACTS Management are available at the link below; paper statements will not be mailed. For questions about how this deduction applies to your situation, we recommend consulting a qualified tax professional.
